

AN OMINOUS CALM ABOUT LADYSMITH

That Boer Besieged Town
Appears to be in Very
Sore Straits.

ENGLAND IN A FRENZY

The British Make a Sortie from
Mafeking and are Quickly
Driven Back.

Harrismith Command Was Chief Suffer-
er in Battle of Ladysmith—Boers
Repulsed by a Bayonet Charge at
Reneberg—Gatacre Sticks Close to
His Base—Last Letter of Gen.
Wauchope Reflects on Gen. Me-
thuen.

Pretoria, Jan. 16.—[Special Cable-
gram]—The British fort eastward, near
Mafeking, was captured by the Boers
today amid dreadful slaughter. The
fort was demolished.

London, Jan. 16.—[Special Cable-
gram]—As a result of the bombardment
of Mafeking the British fort was de-
molished and the British retired.

Pretoria, Jan. 16.—[Special Cable-
gram]—An ominous calm prevails
about Ladysmith and along the Tugela
river. Ladysmith appears to be in sore
straits.

The British made a sortie to the east
of Mafeking today, but shortly after-
ward returned. One burgher was
wounded in the skirmish. The Boers
demolished a small British fort.

British Frantic With Anxiety.
Durban, Jan. 16.—[Special Cable-
gram]—No news has been received
from the front for five days. The fam-
ilies of local volunteers are frantic with
anxiety.

Harrismith Command Suffered.
Cape Town, Jan. 16.—[Special Cable-
gram]—It is learned from Free State
sources that the Harrismith command
was chief of the sufferers in the Lad-
ysmith attack. The command lost all
of its field cornets, three commandants
and thirteen men killed.

Used the Bayonet's Point
Reneberg, Jan. 16.—[Special Cable-
gram]—In an attempt made by the
Boers today to rush the hill held by a
detachment of the Yorkshires and New
Zealanders they lost twenty killed and
about fifty wounded. The assault was
repulsed at the bayonet's point.

Gatacre Made a Reconnaissance
Molteno, Jan. 16.—[Special Cable-
gram]—Gen. Gatacre, expecting that
the Boers were about to attack him,
made a reconnaissance northward today.
Finding nothing he returned to his
base at Stokkstrom.

Storm Brewing for Methuen.
Liverpool, Jan. 16.—[Special Cable-
gram]—The Post asserts that Gen.
Methuen will shortly be superceded in
his command at the Modder river. Ac-
cording to the Post the war office is
in possession of a letter from the late Gen.
Wauchope, written on the evening be-
fore the battle of Magerfontein. Gen.
Wauchope, said, "This is the last letter
I shall ever write. I have been ordered
to perform an impossible task. I have
vainly remonstrated, but must obey or
surrender my sword."

BOER FORCE IN NORTHERN NATAL
It is Larger Than Buller's and White's
Put Together.

London, Jan. 16.—[Special Cable-
gram]—General Buller's latest authen-
tic word as to what he and his 30,000
men are doing was wired from Spring-
field after his forward step. Striving to
think out the unknown, London is con-
fused by surmise and rumor and dis-
quieted by suspense.

Spencer Wilkinson the lucid military
expert of the Morning Post, asserts that
the Boer force in northern Natal is larger
than General Buller's and Sir George
White's together, so that the Boers are
able to leave a force around Ladysmith
larger than that within the town and
yet to oppose General Buller with a
force superior to his own.

Reports from the Boer camps affirm
that the circle of investment has been
drawn closer by the occupation of some
hills nearer the town, thus liberating re-
inforcements to oppose General Buller.

Death of Sows from Africa
London, Jan. 16.—[Special Cable-
gram]—There was another death of
news from the seat of war today. At a
late hour this afternoon nothing had
been received by newspapers or war of-
fice. It is generally believed that now
the censors will refuse to allow any defi-
nite tidings to pass until Gen. Buller
has acted. Modder river reports of yes-
terday say that the Boers were shelled

with naval guns and their losses are
believed to be heavy.

Canada to Vote \$3,000,000 to War.
Toronto, Jan. 16.—"With men and
money we will assist the mother coun-
try," was what Sir Wilfrid Laurier,
premier of the dominion, said in a
brief speech at Sherbrooke, Que., a
few days ago, and now comes the an-
nouncement that when parliament re-
assembles in less than a month a vote
of not less than \$3,000,000 will be asked
toward defraying the cost of the 2,300
men in the field in South Africa or on
the way thither from this country.

Berlin Government Impatient.
Berlin, Jan. 16.—The German gov-
ernment, hearing nothing from Lon-
don regarding the seized steamer
Bundestrah, is becoming impatient.
The foreign office is uncertain whether
the delay is due to the fact that the
British authorities want to hear favor-
able news from the seat of war or to
their inclination to accept Russia's re-
assuring declarations of peaceable in-
tent.

GIRL DIES FOR A DEGREATION CLUB

Young Woman Near Toledo, Ohio,
Expires in a Hovel to Keep
Her Pledge

Toledo, Ohio, Jan. 16.—A remarkable
and almost incredible story is disclosed
by a letter found today among the ef-
fects of a young woman who died in a
hovel near Cummings a week ago. The
girl was Hattie Thetford, the daughter
of a prosperous mechanic of this city,
and her body was found in the shanty
occupied by John Kales at the town of
Cummings, ten miles from here.

Death had resulted from congestion
of the lungs. The girl, it appeared,
upon investigation, had been taken there
by a voodoo doctor of this city, one
morning six weeks ago. Her parents
did not know her whereabouts.

The letter discovered today pro-
claimed Miss Thetford a member of a
"degradation club," of which there were
ten young women members. According
to the written statement, "We cast lots
to see who would be the first to carry
out the pledges made. The unlucky
one was to leave home, friends, every-
thing, and become the most degraded
individual possible. We sat about the
table and dealt the cards. The queen
of hearts was the fatal pasteboard and
it came to me."

The paper goes on to relate how the
girl had sought a doctor in the slums
and had been taken to the miserable
hovel of Kales.

KENTUCKY FEUD ENDS IN BLOODSHED

Ex-Congressman Colson Kills Two
Men in a Lobby of a Frank-
fort Hotel.

Frankfort, Ky., Jan. 16.—[Special
Telegram]—Ex-Congressman Colson
shot and killed Ethelbert Scott in the
lobby of the Capital hotel this after-
noon. The killing was the result of an
old feud which started at Chickamauga
when both were officers in a Kentucky
regiment years ago. L. W. Demaree,
assistant postmaster of Shelbyville, Ky.,
was also killed by a stray bullet and a
half dozen bystanders were slightly
wounded.

Charles Julian, one of the accident-
ally wounded, died within an hour after
receiving his wounds. Captain B. B.
Golden, another of the wounded, is dy-
ing. Both Colson and Scott were
apparently looking for one another, and
began firing as soon as they met.

MADISON INSTITUTE SCHOOL

Supt. Harvey Announces the Meeting For
April 9 to 14.

Madison, Wis., Jan. 16.—State Supt.
L. D. Harvey today decided to hold an
institute school in Madison from April 9
to 14. At this gathering will be con-
sidered the syllabus of institute work
for next summer and methods of con-
ducting such work. Supt. Harvey said
he expected that nearly 200 institute
workers would attend this school. All
who desire to engage in institute work
during the coming summer, will be
earnestly urged, if not required, to at-
tend this school. The first school of
this kind was held a year ago and was
so successful in every respect that Supt.
Harvey decided to hold one every spring
thereafter. The attendance last spring
was 120.

The syllabus of institute work is now
being printed and will be ready for use
at the coming session of the school.
After the close of the school, lists of
institutes for the coming summer will be
arranged and assignments of instructors
made.

TABOO THE KISSING GAMES

Young Women Catch Barbers' Itch In
Social Amusement.

Bourbon, Ind., Jan. 16.—An epidemic
of barbers' itch prevails here, twelve
young women being among the victims.
The young folks have been holding
many neighborhood so-called kissing
games, and these have spread the
itch until it has now assumed dangerous
proportions. Parents have taken action,
and all kissing will be tabooed for a
time in the hope of stamping out the
contagion.

AN INCREASE IN LIQUOR LICENSES

TOTAL OF 211,156 RETAIL LIQUOR
DEALERS IN THE U. S.

An Average of One Dealer to Every
141 of the Population—Friends of
Quay Confident He Will be Seated
— Census Suggestion to the
Farmers.

Washington, Jan. 16.—There are 190,
729 persons holding licenses granted by
the government of the United States to
sell spirituous liquors, an increase from
195,964 on January 1, 1899. In addi-
tion to these there are 12,327 persons
licensed to sell malt liquors only, an in-
crease of 244 from the previous year,
making a total of 212,156 retail liquor
dealers in the United States—4,121
more than in 1898. There are 4,496 per-
sons licensed as wholesale dealers, 1,959
brewers and 1,907 rectifiers, making
a total of 220,518 licenses granted for
the manufacture and sale of liquor.

It is fair to estimate that at least
three persons are employed under every
license. This is undoubtedly a small
average, because some of the brewers
and distillers employ several thousand
men, but even at that rate there are not
less than 661,554 persons engaged in
the manufacture and sale of liquor in
the United States. Estimating the
population of the country at 75,000,
000, this would make an average of one
liquor seller to every 114 of the popula-
tion.

During the last year 25,202,901 bush-
els of grain and 2,198,513 gallons of mol-
asses were used for the manufacture of
liquor in this country, which produced
107,618,120 gallons of spirits and 1,
657,808 gallons of rum, making a total
of 109,275,928, which is about one gal-
lon and a half to every man, woman and
child in the country.

Friends of Quay Confident

The majority and minority reports on
the Quay case will be ready this week.
The friends of Mr. Quay are confident
that he will have three or four votes to
spare. In fact, they claim a majority
of seven, with the democratic votes as-
sured them, and a majority of two or
three should every democrat in the sen-
ate vote against him.

The opposition to Mr. Quay has over-
reached itself. The republican bolters
in Pennsylvania have convinced most
senators that their campaign is one of
personal hatred, coupled with their de-
sire to aid Mr. Wanamaker. This cam-
paign has convinced senators that what-
ever Mr. Wanamaker's work as a Sun-
day school superintendent may be, he
and those who represent him in this
fight, are not following Sunday school
methods and scriptural precepts, but
slandering where they cannot persuade
and attempting to bribe where they can-
not bulldoze.

Suggestion to Farmers.

Director Merriam of the census, sug-
gests and requests that the agriculturist
of this country use some of their spare
time between now and June next in
thoroughly preparing themselves to
answer promptly and accurately the
questions relative to the acreage,
quantity, and value of the crops; the
quantity and value of all farm products
and vegetables; the cost of fertilizers
and farm laborers, and, in fact, all the
items of farm operations for the calendar
year 1899, which the census enumera-
tors are by law compelled to ascertain.
This, he says, will result in a full and
accurate census, which is what every-
body desires.

Seven Butterline Bills.

There promises to be a tremendous
fight this session of congress over the
question of taxing butterline. There
are seven bills before congress now
which if passed would practically put
the oleomargarine manufacturers out of
business.

BLACK PLAGUE MAY BECOME EPIDEMIC

Three New Cases Have Been Dis-
covered in the City of Manila
Recently.

Manila, Jan. 16.—[Special Cable-
gram]—Three more cases of the bubonic
plague have been discovered in this city.
An epidemic is now feared.

GUNNING FOR ROBBERS

Chicago Ordinance Offers \$200 For
Each Bandit or Burglar
Killed.

Chicago, Jan. 16.—Gunning for rob-
bers and burglars will be made a profit-
able pursuit for the dead-shot if an
ordinance introduced into the
city council last night by Alderman
Ailing of the Fourth ward and referred
to the finance committee eventually
passes. A reward of \$200 is offered by
the terms of the proposed measure for
the killing of any highwayman or house-
breaker who is detected in the act of
committing the crime or apprehended in
an attempt to escape. Police officers
and citizens are alike made the benefi-
ciaries of the novel plan for checking
and effectually stopping the growth of
the long list of holdups and burglaries.
No incentive is offered for endeavors
to capture the desperadoes alive. Neither
is it stipulated expressly that the blue-
coat or citizen whose bullet does not kill
the transgressor instantly shall receive
the money.

HOT FIGHT AHEAD IN THE CREAM CITY

MIXED STATE OF AFFAIRS
MAKES RESULT UNCERTAIN

Political Pot Has Begun to Boil in Mil-
waukee—J. J. Kempf Running For
Congress—Contempt Case Being
Argued—L. A. W. Opposes Control
of Racing.

Milwaukee, Jan. 16.—From this time
forward until April, politics will take up
the greater share of Milwaukeeans' at-
tention. The municipal election will
develop a very mixed state of things,
with much uncertainty as to results. A
call is being circulated asking Henry J.
Baumgartner to permit his name to go
before the republican primaries for the
office of mayor.

His appearance as a candidate will
precipitate a bitter fight, as the friends
of William Guelder have not forgotten
the events of two years ago, and thus
far all attempts to conciliate them have
failed. The difficulties which the state
election law places in the way of inde-
pendent movements have discouraged
those who were most active in the move-
ment for a citizens' ticket.

The people's party is just as badly
off. By tussling with the democrats in
the past two years they have lost their
identity as a political organization, and
will, if they go it alone, have to start
out and build up a new party so far as
the law is concerned.

J. J. Kempf for Congress.

The announcement was made today
that J. J. Kempf would be a candidate
for congress in the fifth district. Mr.
Kempf was at one time state senator
and afterward register of deeds. This
makes three opponents to Congressman
Barney in the fifth district. The two
others are Colonel Born of Shelbyogan
and Dr. Gudex of this city.

Contempt Case Argued

The contempt case of Mayor Rose and
the twenty-five aldermen came up again
before Judge Ludwig yesterday. The
principal part of the day was occupied
by attorney Timlin, who laid down the
points that, first, the court has jurisdic-
tion, as the aldermen in passing the or-
dinance were not engaged in legislation,
but in the execution of a contract, and,
second, that the court had jurisdiction
because the aldermen exceeded their au-
thority.

Opposed to L. A. W. Races

At the meeting of the Wisconsin
division, L. A. W., held here yesterday,
the division placed itself on record as
opposed to the continued control of
racing by the L. A. W. The election of
delegates to the national meeting result-
ed as follows: Chief Consul Marshall,
H. P. Andrus, Louis Perron, F. G.
Craemer and Louis Moore. They will
support the resolution adopted at the
meeting. The state meeting will prob-
ably go to Merrill, Wis.

Estimate of City's Expenses

Comptroller Wolf sent to the common
council yesterday afternoon the annual
estimate of municipal expenses for the
year 1900. It amounts to \$2,650,927.27
which is \$81,208.31 more than last
year's budget. Nearly every fund is in-
creased somewhat.

MUST STOP FIGHTING

East in Danger of Losing the Regu-
lating Nominee For Vice
President.

Philadelphia, Pa., Jan. 15.—"The
middle west may have a chance to se-
cure the next vice president. The op-
portunity hinges on whether New York
can harmonize on a candidate. If the
Empire state does not stop her quarrel-
ing she will lose the nomination for
vice president."

This was the statement of National
Republican Committeeman Henry C.
Payne, of Wisconsin, made in this city.
"For some time," Mr. Payne con-
tinued, "the West has been willing to
allow the Vice Presidential nomination
go to the East, but the multiplicity of
candidates in New York at the present
time has made the statesmen of the
middle West look at the situation in a
different light. It has been a long time
since the West has had a Vice President,
and unless some decided stand is made
by the Eastern statesmen, the Missis-
sippi valley will present a candidate
with a strong backing."

"The West was prepared to do this
in the last campaign, and it was only the
great popularity of Garret A. Hobart
which prevented the movement."
Mr. Payne has been here inspecting
the convention situation. He went to
Washington late last night and will at-
tend a meeting of the subcommittee in
that city today.

Brazil Files a Protest.

Paris, Jan. 16.—Brazil has addressed
a protest against the decision of the
arbitration commission in the Vene-
zuelan affairs affecting Brazilian ter-
ritory. Brazil declares that the arbit-
rators surpassed their rights, and,
although the tribunal reserved the
right of Brazil, the latter nation as-
serts it cannot abstain from protesting
against the decision, which constitutes
a presumption against these rights.

Big Loss by Fire Near Moscow.

Moscow, Jan. 16.—The Russo-Ameri-
can Naphtha company's shops, ware-
houses and oil pond, near Moscow,
were destroyed by fire Monday. The
loss will run into the millions of
rubles.

RUSSIAN PLANS IN PERSIA.

Pressure on Shah to Have Him Declare
Russia Suzerain.

London, Jan. 16.—A special to the
Daily Mail from Calcutta says infor-
mation received there confirms the im-
pression that strong pressure has been
placed on Persia to persuade her to be-
come a feudatory state of Russia. The
general impression appears to be that
Russia will guarantee to Germany
some railway concessions in the event
of the shah's submission, and should
further serious reverses occur in the
Transvaal Russia is prepared to an-
nounce that Persia has voluntarily ac-
cepted her as the suzerain power ex-
tending over the whole Persian gulf.

Ambassadors of all the foreign pow-
ers will then be obliged to withdraw,
and any protest on the part of Great
Britain would meet the united opposi-
tion of Russia and Germany, as the
financial gain in railway concessions
for the latter power would be too great
to allow the German ministry to act in
opposition.

SHOTGUN QUARANTINE

Fearful Spread and Ravages of the
Dread Bubonic Plague At
Honolulu.

Honolulu, Jan. 9, Via San Francisco,
Jan. 16.—Up to date twenty-two deaths
have occurred from the bubonic plague.
Practically every case so far has proved
fatal. There have been no recoveries,
but hopes are entertained of four cases
now in the hospital.

About 2,000 people have been re-
moved from the infected quarter and
are now herded in quarantine camps.
The council of state has appropriated
\$20,000 for a garbage crematory and
\$250,000 with which to put the city in
sanitary condition and guard against
the spread of the plague.

New cases of the plague are constan-
tly appearing at points distant from the
original center of the infection, showing
that the germs of the disease have been
widely scattered.

A shotgun quarantine has been estab-
lished on the island of Kauai, and no
vessel or passenger is allowed to land.

WRECK IS A MYSTERY

All Theories as to the Identity of the
Boat Lost in St. Mary's Bay
Proves False.

St. John, N. F., Jan. 16.—The latest
advice destroy many theories pro-
pounded concerning the St. Mary's Bay
disaster and render it more mysterious
than ever.

Owing to the continuance of turbulent
seas it is impossible to launch boats or
to venture down to the beach with any
safety. Bodies and wreckage are still
visible, the latter increasing as the ship
breaks up.

The colonial cruiser Floca is now at
the wreck. She will be joined this after-
noon by the tug Ingraham, and a diver
will then go down if the sea permits.
Failing in this, an attempt will be made
to effect a landing in Sculpin cove,
where there are two bodies and almost
an entire boat.

It seems highly probably that the
name of the vessel will be learned this
afternoon.

Passed Close to the Wreck.

Halifax, N. S., Jan. 16.—Capt. Dawe,
commanding the steamer Glenoe, ar-
rived from St. John's, N. F. He passed
close to where the wreck occurred on
the Newfoundland coast, and says that
on his voyage to St. John's he must
have been near the wreck at the hour
it occurred. Capt. Dawe says he has
no doubt the lost steamer was a trans-
atlantic boat bound to Europe from
some American port.

M'KINLEY WILL NOT INTERFERE

He Says the Kentucky Contest Must
be Settled in the
Courts.

Louisville, Ky., Jan. 16.—A special
from Frankfort says: "Matters have
reached the crisis in the gubernatorial
race and the climax will come inside
of twenty-four hours. United States
Senator Deboe arrived from Washing-
ton Monday and bore the decision of
the president upon the appeal sent to
him by the republicans of Kentucky.
President McKinley has absolutely re-
fused to interfere and says the matter
must be settled in the courts."

Hearing of Kentucky Contest.

Frankfort, Ky., Jan. 16.—Hearing of
testimony in the contested state elec-
tion cases began Monday evening be-
fore the state contest boards. It is
charged that one member of the board
sitting to decide the contest for lieut-
enant governor had stated that his
mind was made up for the Goebel
candidate before the contest opened. This
the member in question, Mr. Sharp,
denied. Gov. Taylor's requests for de-
lay until this morning were over-
ruled.

White Men in Alaska.

Not counting the floating population
of miners and fishermen and lum-
bermen, which stays in Alaska only from
spring till early fall, and the various
tribes of Indians, which are estimated
to aggregate between 40,000 and 50,000,
the actual white residents probably do
not exceed ten thousand.

to cable Senator Hoar's speech to Agui-
aldo.

It is also learned that the American
forces in the Philippines have captured
a large part of Aguinaldo's official re-
cords which contain matter implicating
other prominent anti-expansionists in
the United States.

DEFICIENCY BILL CONSIDERED

Lodge's Bill to Restrict Immigration Up
in the Senate

Washington, Jan. 16.—[Special Tele-
gram]—The house today began the
consideration of the deficiency bill. It
carries a total of \$56,127,841, of which
\$8,525,509 is direct appropriations and
\$47,602,332 reappropriations from un-
expended balances under the War and
Navy departments. Among the several
items of the bill are these:

Naval establishment, \$2,750,000; mili-
tary establishment, signal service, \$183,-
500; pay department, \$15,188,892; sub-
sistence department, \$25,350,000; medi-
cal department, \$500,000; ordnance de-
partment, \$530,000; naval establish-
ment, bureau of equipment, \$350,000;
bureau of steam engineering, \$1,500,-
000.

Senator Pettigrew's Philippine resolu-
tions were laid on the table in the senate
today.

To Restrict Immigration

The bill of Senator Lodge to restrict
immigration by imposing an educational
qualification was favorably reported to
the senate today from the committee on
immigration. It requires the would-be
immigrant to pass an examination at the
port of entry as to his ability to read
English or some other language.

Lutz Creates a Sensation.

During today's investigation by the
house postoffice committee into the
charge that postmasters at Provo and
Logan, Utah, were Mormons, Congress-
man Lutz created a sensation by
declaring positively that charges had
been filed against these postmasters with
the president, but that the papers had
mysteriously disappeared. Lutz
further declared that Congressman
Grossvenor had said to him after the
charges had been proffered: "You
don't suppose we republicans are fools
enough to allow any grass to grow un-
der our feet, after you made that charge.
We have people to look after such
things."

SKATED INTO A HOLE IN THE ICE

CLINTON COUPLE GET A DUCKING IN ICE WATER.

Photograph Social Thursday Evening—Plans to Go to Europe—Baptist Ladies Mission Circle Held a Meeting—Clinton Social and Personal News and Notes.

Clinton, Jan. 16.—A Clinton couple had an exciting experience while skating on Turtle creek Friday evening. A large company of young people, mostly from town, had gathered on the ice and during the sport Miss Lizzie Soper and Thad Brownell accidentally skated into a hole where ice cutters had been at work. As the water was not very deep they were rescued without difficulty. They got a thorough ducking, however, both being completely immersed.

It is a great aid to nursing mothers and removes the many sufferings of change of life. Taken as a Spring medicine it will give renewed strength and appetite and take away that terrible feeling of weight and lassitude. Mrs. Thelma Bieder of the Western Park, Chicago, writes to Dr. Tollerday: "Your Female Tonic has done more good for me and my daughter than any medicine we have ever tried. Women who will try it cannot help but receive benefit."

COAL MINERS IN CONVENTION

Many Delegates Attend the Meeting at Indianapolis.

IS THE LARGEST ON RECORD.

Attendance Is Expected to Reach 1,000—Operators to Be Present—President Gompers of the Federation of Labor Makes an Address.

Indianapolis, Ind., Jan. 16.—The seventh annual convention of the United Mine Workers of America was called to order in Music hall in this city Monday morning. Little business was transacted, for the reason that the credentials committee was not ready to report. The meeting is the largest gathering of delegates from any single labor organization ever held in this country, just as the United Mine Workers' union is the largest body of organized workmen in the country. The officers and organizers have been more than able to carry out the promises made to the Pittsburgh convention last January that this convention would come to order with the membership of the union doubled. Last year there was a membership of a little over 40,000. This year there are 91,000 members in good standing, and there are several thousands of other miners who, while they are not in good standing, have their names on the books and will sanction any action of the convention.

President Mitchell introduced John Blue, president of the Indianapolis Central Labor union, who delivered the address of welcome to the delegates.

President Gompers addressed the convention in the afternoon and was warmly received. He exhorted the miners to keep on organizing and striving to better their own condition, and not to cease agitating until the eight-hour movement was successful. There is a general feeling that this convention will speak decisively on the shorter-day question.

There will doubtless be a warm fight when it comes to adjusting the differential between machine and pick mining. No one is satisfied with the present differential unless it be the operators. Members from Illinois, Indiana, Pennsylvania, Ohio and all the other states think the miners are getting decidedly the worst of the bargain in the matter of difference in the price paid for machine and pickmining.

Among the delegates the general sentiment is in favor of demanding a higher scale of wages. West Virginia wants 15 cents extra a ton, Ohio wants 20 cents more a ton, and several other districts are in line for the same demands. In Kansas they want a large increase. The Indiana men demand for a flat differential of 7 cents. The bituminous miners in Indiana work on a different basis from those in the black field. Some of the bituminous men think they ought to have at least 25 cents a ton increase.

Besides being the largest convention in the history of the organization, this is the most representative. There are delegates from eighteen states and territories, and it is expected that most of these will have operators at the coming joint conference.

There is said to be little doubt of the re-election of both President Mitchell and Secretary Pearce, although each has opposition.

San Francisco, Cal., Jan. 16.—This overdue ship Matterhorn, on which 20 per cent of reinsurance had been paid, arrived Monday, 169 days from Antwerp. She had rough weather around Cape Horn.

Strike of Miners in Europe. Vienna, Jan. 16.—The miners of Klado, Bohemia, and Ostrava, Moravia, have gone on strike. They demand an eight-hour work day and an increase in wages.

Money for Moody Institute. Boston, Mass., Jan. 16.—It is announced by interested persons that \$30,000 has been pledged by one person, whose name is withheld, to the fund which is being raised to carry on the work of Dwight L. Moody. Other large sums are expected by the committee to whom has been committed the continuation of the educational institutions founded by the evangelist.

AMUSEMENT NOTES.

Dickson & Mustard's big scenic spectacle "Humpty Dumpty," which is undoubtedly the positive success of this season's amusements, will be seen at the Myers Opera House tonight.

The organization presenting this, the most popular of "Mother Goose's" rhymes, is a mammoth one, comprising nearly half a hundred people, and the scenic embellishments are said to eclipse in magnificence anything seen upon the stage in recent years. Nothing but praise is heard from every city where "Humpty Dumpty" has had his "Fall and Rise." The specialty features of the production are of the highest order, and the innocent laugh provoking antics of "Humpty Dumpty" and his associates is sure to please the old and young alike.

There is everything to charm the ear and fascinate the eye, the music, the witty dialogue, the marching, the brilliant electrical effects, the beautiful costumes and the gorgeous scenery, forming one of the most elaborate and attractive performances seen upon any stage.

The transformations in their bewildering changes and harmonious coloring, are said to realize the acme of stage grandeur.

American Laws Criticized.

Rome, Jan. 16.—The long restrained indignation here over the Tallulah lynchings in America is now being more openly expressed, and all the newspapers of the peninsula are publishing and commenting upon a telegram from Washington asserting that Italy's request for punishment of the lynchers will not be granted, as the federal government is powerless, but that probably the president will again urge congress to pass a bill providing that the federal authorities may assume jurisdiction in such cases.

Committee Favors Canal Bill.

Washington, Jan. 16.—Another long stride was taken Monday toward the construction of the Nicaraguan canal, when the senate committee, of which Senator Morgan is chairman, agreed to a favorable report on the Sullivan bill. This measure is in many respects similar to the one introduced by Representative Hepburn of Iowa and which has been reported to the house with the recommendation that it be adopted.

Threaten to Lynch Purcell.

Washington, Ind., Jan. 16.—Frank Purcell, who murdered Rufus Ross in Pike county Saturday night, was brought here Monday for safe keeping. Judge Ely of Petersburg was afraid Purcell would be lynched. There has been considerable mob talk here, but Sheriff McCard thinks he will be able to protect the prisoner. There is a rumor that a mob is on its way here from Pike county.

Will Extend Modus Vivendi.

Paris, Jan. 16.—A dispatch announces that M. Morine, former minister of marine in Newfoundland, says that parliament will soon unite in order to vote on the prolongation for another year of the modus vivendi on the French treaty shore, as Newfoundland considers it a patriotic duty to sacrifice some interests in order to prevent a conflict between France and England.

GRAIN-O has that rich, smooth brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. At the price of coffee, 15c and 25c per package. Sold by all grocers.

IVORY SOAP PASTE.

In fifteen minutes, with only a cake of Ivory Soap and water, you can make a better cleansing paste than you can buy.

Ivory Soap Paste will take spots from clothing; and will clean carpets, rugs, kid gloves, slippers, patent, enamel, russet leather and canvas shoes, leather belts, painted wood-work and furniture. The special value of Ivory Soap in this form arises from the fact that it can be used with a damp sponge or cloth to cleanse many articles that cannot be washed because they will not stand the free application of water.

DIRECTIONS FOR MAKING.—To one pint of boiling water add one and one-half ounces (one-quarter of the small size cake) of Ivory Soap cut into shavings, boil five minutes after the soap is thoroughly dissolved. Remove from the fire and cool in convenient dishes (not tin). It will keep well in an air-tight glass jar. COPYRIGHT 1898 BY THE PROCTER & GAMBLE CO. CINCINNATI

MR. SPOONERS' PLAN.

Chicago Evening Post—The supporters of the administration's Philippine policy in the senate have assumed the offensive. They have nothing for which to apologize, because they are satisfied that what has been done since the insurrection began has been necessary, unavoidable and entirely compatible with national honor and duty. Since a debate of the various aspects of the Philippine problem was inevitable, the decision of the administration's friends to put the anti-imperialists on the defensive is clearly sagacious and politic. The three resolutions introduced respectively by Beveridge, Lodge and Spooner will knock the last weapon out of the hands of the opposition.

Senator Beveridge's resolution proclaims the fact that the Philippines are American territory and that the government is justified in suppressing local insurrection. The question of government and administration is left to the future, to the period following the restoration of peace. It will be utterly impossible for the anti-imperialists to deny either of the two propositions embodied in the declaration. They cannot decline to admit that we rightfully possess the Philippines by every valid title of international law, or that we are bound to enforce law and order there and extend protection to peaceful natives and foreign residents. They are reduced to the plea that, from a high moral point of view, the nation ought to promise the Filipinos independence. But the answer is that the nation has not settled this great question and will not even consider it while the war continues and American sovereignty is assailed.

Now Senator Spooner presents a resolution which goes beyond that of Beveridge and is designed to subvert a more important purpose. It recognizes the right and duty of the executive to use his war powers during the continuance of the present disturbances, but it anticipated the requirements of the situation which will arise when the insurrection shall have been put down. It reads as follows: "When all insurrection against the authority and sovereignty of the United States in the Philippine Islands shall have been completely suppressed by the military and naval forces of the United States, all military, civil and judicial powers necessary to govern the said islands shall, until otherwise provided by congress, be vested in such persons and shall be exercised in such a manner as the president of the United States shall direct, for maintaining and protecting the inhabitants of the said islands in the full enjoyment of their liberty, property and religion."

In other words, since it will be inexpedient and indeed impossible to establish a full civil government in the archipelago immediately upon the termination of the war, the Spooner resolution vests in the president the requisite authority for the administration of the islands pending the assumption of jurisdiction by congress. Such grant of power by express law would demonstrate in the clearest manner the intention of congress to support the president and to retain the islands indefinitely. In the absence of such a law there would be loose and insincere talk of executive usurpation and of misrepresentation of the congressional and popular sentiment. Its adoption would mean unity, definiteness of policy and certainty of natural purpose.

No doubt the resolution will be strenuously opposed by the anti-imperialists, but it will command a majority if it reaches a vote. There may be obstructions and time-killing oratory, but the resolution is obviously adapted to the conditions to which it refers, and no one who is prepared to vote for the Beveridge declaration will have any reason

for disapproving the Spooner corollary or logical deduction therefrom.

An Omaha man, who had climbed up on a pile of boxes in order to be able to see what was going on next door, fell in such a way as to catch his ear on a brass hook in the wall. His neck, however, as the facts in the case would seem to indicate, was quite flexible, and stretched enough so that his feet touched the floor. There he stood until he was rescued. Moral—stretch not your neck, that it be not stretched for you.

The British, according to the press dispatches, secure control of some "strategic point" about every time they move. Up to date, however, the Boers appear to control everything else—including the British themselves.

Mayor Harrison, of Chicago, refuses to be a candidate for the democratic nomination for governor. Mayor Harrison is wise. It is much more pleasant to be a mayor than it is, than an ex-candidate that isn't.

Why are they anti-imperialists? Because of their love of the Filipinos, or their dislike for the McKinley administration?

The citizens of Milwaukee may also have to begin a few lawsuits in order to find out where they are at politically.

The war news from South Africa much resembles the late lamented war news from Key West.

It is now up to Senator Hoar—and so high up that it is over his head.

SPARED THEIR LIVES.

An Interesting Story of the Kindness of the Late President Heurieux.

Some years ago a conspiracy, headed by several prominent young men of the Santo Domingo republic, who hoped to gain wealth and position through the death of Heurieux, attempted to take his life and start a revolution. Their plot was cleverly planned and seemingly sure of success, for the president showed no suspicions, continuing his customary mode of life, walking and driving throughout the city as usual without guards, although at that time he was fully posted in every detail of their scheme, and when their plans were fully matured and their time for action at hand he had them all arrested and thrown into the dungeons of the old fortifications. The penalty for crimes of this sort is always death, so soon after their arrest they were drawn up in line on the old parade grounds within the walls of the old fort and told to prepare for death, after which the firing squad lined up in front of them and were ordered to fire. As they did so only one man fell. The president, who was a witness, then stepped forward and said: "My children, you have attempted to ruin your country and take my life, and for this you are legally subject to death, but I do not want to see you die so young. That man on the ground had to give up his life to pay the penalty for his misdeeds. If you ever plot against me again you will be where he is. Look at him, remember what I have said, and then go, for you are free."

Found Valuable Papyrus.

Buried under rubbish and debris of fallen houses and temples two members of the Egyptian exploration fund have found valuable papyrus and objects of domestic use preserved from the ancient and famous classic Greek town in Egypt, Oxyrhynchus. Among them is this petition for alimony: "To Heracles, priest, chief justice and superintendent of Chramatistae and other courts, from Syra, daughter of Theon—married Saraphion, bringing him by cession a dowry amounting to 200 drachmas of silver. As he had no means of his own at all, I received him into my parents' house, and I, for my part, conducted myself blamelessly in all respects. But Saraphion, having squandered my dowry as he pleased, was constantly ill-treating me and insulting me, and using violence towards me, and, having reduced me to poverty, he finally deserted me, leaving me in a destitute condition. Therefore, I beg you, that he be compelled perforce to pay back my dowry, with an addition of half its amount. This petition is without prejudice to the other claims that I have upon him."

Federal Court Frees Reese.

St. Louis, Mo., Jan. 16.—Judge Thayer, in the United States Circuit court Monday, granted an application for a writ of habeas corpus and ordered the release of John P. Reese, an Iowa member of the executive board of the United Mine Workers of America. Reese was convicted of contempt of court and committed to jail last October for violation of an injunction restraining any one from interfering with a coal company in Kansas, where a strike was in progress.

ROBEY CASE TAKEN TO CIRCUIT COURT

CHANGE OF VENUE GRANTED THIS MORNING.

Interested Parties Reside in the City of Evansville—Case Came Near Being One of Murder—Defendant Used Axe on His Neighbor's Head.

When the case of the state of Wisconsin vs. James T. Robey was called in the municipal court this morning at 10 o'clock, a change of venue was taken to the circuit court of Rock county the case to be heard at the next regular term. The defendant furnished bonds in the sum of \$500.

The citizens of Rock county have their eyes on this case as the interested parties are well known. They reside in the city of Evansville. Robey is charged with assault with intent to do great bodily harm. The charge came near being murder. Byron Babbitt, a prominent business man of Evansville is the complaining witness.

On Monday, October, 16, 1899, Robey and Babbitt, who live side by side at Evansville, had a row over the boundary line between their resident property. Robey bought a lot next to Babbitt and in measuring it off he claimed that it extended over onto Babbitt's lot. Babbitt did not agree with his neighbor and the result was a warm argument followed. Robey then sent for a civil engineer, who surveyed the land and placed the dividing line where Robey had located it.

Robey then removed the fence, and was in the act of cutting down brush, when it is alleged that Babbitt made an attack on Robey with a club. Robey then stepped back on his own land, and when Babbitt followed him up Robey dealt him a terrible blow on the head with the flat side of an ax that he was carrying at the time. The blow knocked Babbitt insensible, and made a terrible hole in his head. Promptly arriving physicians was all that prevented the affair from being a murder. For several days the injured man lingered between life and death.

Both men have numerous friends, and the outcome of the trial is awaited with much interest. The land over which the two men fought was valued at ten dollars. Many witnesses have been subpoenaed at Evansville and vicinity. The case may find its way into the higher courts.

SNATCHED FROM THE GRAVE

Woman Supposed to Be Dead Strangely Saved From Burial

Indianapolis, Ind., Jan. 16.—Mrs. Ellen Crosby has had a narrow escape from being buried alive in Crawford county. She had been pronounced dead and preparations for the burial had been made. While this was in progress her daughter, nineteen years old, worn out by exhaustion, lay down to rest, but her eyes had scarcely closed before she sprang up, exclaiming, "No, no."

After reaching her mother's room she kept repeating "No, no; I won't," and peremptorily insisted that her mother's body be returned to the bed. She remarked that her mother had called to her in her sleep, saying "Mary, don't let them bury me alive. Oh, don't."

The undertaker complied with the daughter's request, saying it was but a dream, but the daughter stoutly claimed the contrary and would not be denied. Nearly eight hours passed when Mrs. Crosby slowly opened her eyes and looked at her daughter who had remained at her bedside constantly watching for a return of life.

The daughter then spoke to her, asking: "Mother, how do you feel?" and the reply came, "Very well, but very weak."

After a few minutes' silence the mother said: "Mary, I told everyone in the room that I was not dead, but they could not hear me. They did not listen like you, my child."

Mrs. Crosby within twelve hours was able to sit up in bed and she is now considered in a fair way of recovery.

The emperor of China is never seen walking, riding or driving. When he takes an airing it is in a palanquin eight feet long, carried by thirty-two gaily dressed servants, who advance at a swift trot. Before he goes out for this airing the roads are sprinkled with yellow sand; and after the sprinkling the penalty is death for anyone to pass along the roads until he has been whirled over the route.

FRANK H. DUNTON LOSES MUCH MONEY

FORMER JANESVILLE MAN WHO IS WELL KNOWN.

While a Resident of the Bower City He Was Engaged in the Publication of Dunston's Spirit of the Turf—Many Here Remember Mr. Dunton.

Frank H. Dunton, for many years a well known resident of Janesville, is now reported to be in absolute want, having gone through a fortune. The Chicago Tribune in speaking of Mr. Dunton's case prints the following:

Horsemen will be surprised to learn that Frank H. Dunton, who founded Dunton's Spirit of the Turf and conducted it for many years, is in absolute want, and that a fund for his relief has been started by the Horse Review.

Mrs. Dunton's first wife, who was a sister of Frank Parker, at one time champion at four ball billiards, was of great assistance to him in the management of the paper, and after her death it was supposed that the estate was sufficient to support Mr. Dunton in comfort. He married again. Sickness and business troubles overtook him, and now, in old age, he is reduced to absolute poverty and dependent upon the charity of friends at Santa Anna, Cal., where he went some time ago in search of health.

C. W. Williams, who bred Axtel and Allerton, was the first horseman to subscribe to the fund which the Review started, and to which it made a liberal contribution. Mr. Dunton was well known to the older generation of horsemen and breeders and the chances are they will not see him suffer.

ARNER'S ARREST MAY SOON FOLLOW

CITIZENS ARE ENRAGED OVER HIS ACTIONS.

Claim That the Town of Rock Farmer Should be Brought Before the Court and Punished—Effort Now Being Made to Have the Remaining Five Children Cared For.

A strong movement is now on foot for the removal of James Arner's five small children from the custody of their father. Arner had seven children. Yesterday the Rock county court ordered the removal of the two oldest girls, aged eleven and nine years, to the care of the Children's Home Society of Wisconsin.

Now the neighbors are trying to rescue the remaining five children from what they claim is living hell for them.

Arner is a farmer residing near the city of Beloit. The oldest daughter when taken in charge by the officers told a terrible tale of suffering when assured she would not again be placed in the custody of her father. She said that ever since her mother died, a few weeks ago, her father has been intoxicated. Before she died he drank freely. He always made it a point to abuse every member in the family. Whisky he kept in the house by the jug. Women that Arner hired as housekeepers were women of low character.

Arner had one hobby; he never wanted to drink alone. On coming home at night and not finding anyone at humble home but his little children, he would compel them to partake freely of whisky or suffer under his brutal treatment. On one of these occasions the eldest girl nearly died as the result of partaking of a quart of whisky.

The prompt arrival of a Beloit physician was all that saved the girl's life. Arner, it is said, has threatened to harm anyone who testified against him. He has not yet been arrested. Many think lynchings too good for such a brute.

FILIPINOS FLEEING SOUTH.

Manila, Jan. 16.—Part of Gen. John C. Bates' troops are operating about Lake Taal. The insurgents continue to retreat southward. Col. Hayes, with the Fourth cavalry, is supposed to have reached Lipa, where many Spanish prisoners are held.

Col. Anderson, with the Thirty-eighth infantry, took Talisay, on the north shore of the lake, with but little opposition. Major Cheatham, with a battalion of the Thirty-seventh, on his way to San Pablo, dispersed 400 insurgents, whom the cavalry are pursuing toward Alamines.

A troop of the Third cavalry lost two men killed and three wounded in an encounter with the insurgents near San Fernando de la Union Jan. 12.

EXPECT NEWS FROM WARREN.

British General Has Gone to Out-flank the Boers.

DYSENTERY AT LADYSMITH.

President Kruger Has Issued a Proclamation Calling on All Boers to Take Up Arms and March to the Front—London Fears Another Defeat.

Cape Town, Jan. 13.—There is good reason to believe that the statement that Sir Charles Warren, with 11,000 men, has gone toward Weenen is correct, and we may expect important news shortly.

Reports have been received here that dysentery is rife in Ladysmith. Everything is phenomenally quiet at Sterkstroom.

Kruger Issues a Proclamation.

Lourenco Marques, Jan. 13, via London, Jan. 16.—President Kruger has issued a proclamation calling upon all burghers to take up arms and march to the front. He has also sent out a circular to the Boer generals, commanders and burghers urging them to trust in the Lord and to show energy in the war against the British.

The Volksstem makes a suggestion that the entire gold-mining industry of the Transvaal should be destroyed beyond the possibility of remedy the instant the British cross the border.

Boer Trap Fended.

London, Jan. 16.—Gen. Lord Roberts, in a dispatch to the war office on Jan. 14, recorded a cavalry reconnaissance by Gen. French. He added that the positions of Gen. Methuen and Gen. Gatacre were unchanged, but made no reference to the operations in Natal.

The critics discuss with fearful interest the statements indicating the division of Gen. Buller's column into three parts, operating respectively at Springfield, Colenso and Weenen. They concur in the opinion that such a plan would, under the most favorable view, be extremely daring, as each division would be separated by two or three marches.

Perhaps the strongest reasons for confidence in the success of Buller's aggressive movements is to be found in the proclamation issued by President Kruger calling all burghers to the front, and in an article in the Volksstem of Pretoria, which evidently views the advance of the British seriously.

The situation, though at present neither understood nor understandable, certainly creates anxiety, which is in no wise allayed by the rumors that the Boers have evacuated some of their strongest intrenchments. It is recognized that when these wily campaigners begin to "evacuate" and "retreat" they are getting dangerous.

Mafeking was apparently holding its own against its besiegers on Jan. 13.

Gen. Wood's occupation on Jan. 5 of Zoutpan's drift, a few miles north of the Orange river, and within the Orange Free State, marks the establishment of the first British post in the enemy's country since the opening of the war.

The Standard's correspondent at Ladysmith telegraphed on Jan. 11 that the Boers had been singularly restless since the assault on Jan. 6. They failed to continue to fortify the hills to the northwest, and moved some of their big guns to positions commanding the approaches to the town from the south. They have taken their field guns in the direction of Colenso. It is evident that they are making the most strenuous efforts to prepare for the great struggle that is impending.

Alleges Buller Is Defeated.

A dispatch from Brussels says an Antwerp paper claims to have received a cipher message from Pretoria stating that the Boers defeated Buller at Springfield on Jan. 13.

Crenset Guns for the Boers.

The Daily Mail publishes the following from a correspondent at La Crenset, France: "After two days' inquiry, I do not hesitate to assert that the Schneider company is not only working night and day in the manufacture of guns and ammunition for the Boers, but that it has already packed, ready for shipment to the Transvaal, six heavy guns of large caliber. The workmen told me that ere long thirty additional guns would be dispatched to the Boers."

Cabinet Seems Troubled.

London, Jan. 16.—The Birmingham Mail, the organ of Joseph Chamberlain, says: "We understand on the highest authority that if the government is defeated in parliament on the question of the war the cabinet will immediately appeal to the country, all the ministers having decided to stand together and not to permit any individual minister to be made a scapegoat."

Carrington Going to Africa.

The interesting announcement is made that Sir Frederick Carrington has been hastily summoned from Belfast to the war office, and that an important command in South Africa will be offered to him.

Tells of a Boer Retreat.

Pretoria, Jan. 11. (via Lourenco Marques, Jan. 16).—Additional accounts received of yesterday's fighting at Ladysmith show that although the Boers stormed the Platrand ridge, commanding the town, the heavy fighting that followed demoralized them. They took several British schanzes, but retreated during the night.

The commandos before Mafeking and Stormberg report nothing doing, but

renewed activity on the part of the British forces at Modder river is reported from republican headquarters there.

Ladysmith Expects Relief.

Pietermaritzburg, Jan. 13.—Heliographing has been going on all day between Prere and Ladysmith. Merchants here have received orders to send foodstuffs forward. This is taken to mean that a movement for the relief of Ladysmith is expected to begin at once. It is believed that this movement will begin on the evening of Jan. 15. The foreign military attaches have gone to Cape Town to join Gen. Kitchener.

Cape Rebels Routed.

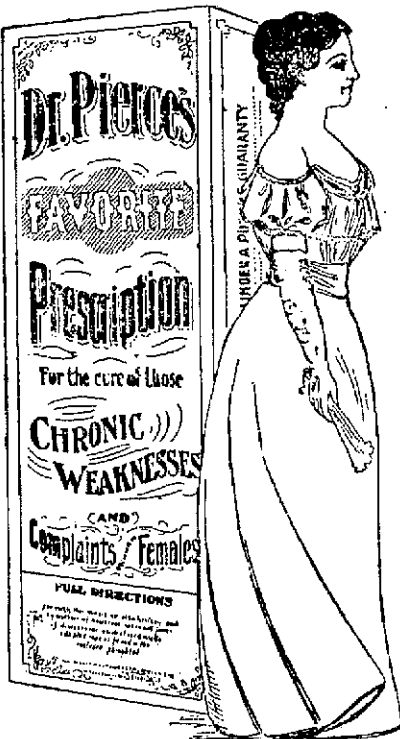

Cape Town, Jan. 16.—The correspondent of the Midland News at Prieska states that a force of New South Wales troops and Remington's guides, who recently arrived from De Aar, engaged a body of rebels and drove them to the mountains. They hunted them from kopje to kopje, and the rebels fled in disorder, firing at random. Large supplies of ammunition and forage were captured.

Trial of Dr. McGiffert.

New York, Jan. 16.—The charges against the Rev. Dr. Arthur Cushman McGiffert were brought before the presbytery Monday by their formulator, the Rev. Dr. Birch, the stated clerk of the presbytery and the prosecutor of Dr. Briggs. Dr. McGiffert was given ten days in which to enter a plea to the charges. A resolution that the investigation be not taken up at this time was lost by a vote of 63 to 40.

Mills Still in Operation.

Cleveland, Ohio, Jan. 16.—Three hundred rod mill workers refused to report for duty Monday morning at the two mills of the wire trust in Newburg and at one consolidated and the H. P. mills. Officials of the company declare the other two local mills have not been affected by the strike and that they are still in full operation.

SCORES THE SULU TREATY.

Pettigrew Criticizes Compact Made with the Sultan.

POLYGAMY AND SLAVERY.

Senator Claims the United States is Indorsing and Maintaining Both These Crimes—Wolcott of Colorado Defends the Administration.

Washington, Jan. 16.—Spirited debate on the Philippine question occupied the attention of the senate for nearly three hours Monday. Mr. Berry (dem., Ark.) first addressed the senate in support of the resolutions recently introduced by Mr. Bacon (dem., Ga.) regarding the disposition of the Philippines. He was followed by Mr. Pettigrew (sil. rep., S. D.) in support of his resolution of inquiry.

Mr. Berry placed the responsibility for the insurrection upon the president, declaring that if his proclamation had not been issued not a gun would have been fired and not a drop of our soldiers' blood would have been shed.

Mr. Pettigrew resumed his speech upon the general Philippine question, his text being his resolution of inquiry. He entered upon a sharp attack on the treaty made by the Americans with the sultan of Sulu, charging that polygamy and slavery were not only indorsed but maintained by the United States through the treaty with the sultan. He declared that the republican party was going out of power as the champion of slavery and a repudiator of the declaration of independence.

When Mr. Pettigrew concluded there was a general stir in the senate as Mr. Wolcott (rep., Col.) arose to discuss the resolution. Any general discussion of our policy toward the Philippines seemed to him out of place at this time. Our first duty, he said, was to quell the insurrection. The resolutions to which Mr. Pettigrew had been speaking, Mr. Wolcott declared, were of no importance, because they were smothered and ingulfed in the broader resolution that called for all the information in the possession of the executive. They were petty carplings which contained the suspicious intimation that there had been crooked and dishonorable conduct. No step had been taken, Mr. Wolcott asserted, that did not reflect honor upon the people of the United States.

"My one idea of the mission of America," said the senator, "is that it is the last hope of the republic; that our broad, large, fertile area will gradually fill up by the admission of foreigners and oppressed of other lands, and that in days of peace we will work out the noblest and highest social problems."

Mr. Pettigrew replied briefly to Mr. Wolcott. He said he marveled at the division in the ranks of the imperialists. The senator from Indiana (Beveridge) had said the motive of expansion was "greed," the senator from Colorado (Wolcott) said it was "philanthropy." The latter was the motive which actuated Spain in her conquest of the western world. Her pretext was civilization and religious zeal. Those were the motives of Pizarro, who butchered people right and left.

At the conclusion of Mr. Pettigrew's statement an order was made, at the request of Mr. Lodge, that the resolutions under consideration go over until today without losing their place.

Consideration of the financial bill was then resumed. Mr. Rawlins addressed the senate in opposition to the measure, which, he intimated, was one of the objects of those who favored imperialism. He denounced the bill as sanctified by Wall street and blessed by the British financial promoters.

At 5:20 p. m. the senate went into executive session, and, on opening the doors, adjourned.

Offers a Substitute Bill.

Washington, Jan. 16.—Senator Butler has offered an elaborate substitute for the pending financial bill. It fixes the unit of value for the free coinage of silver and for the "coinage of paper money sufficient to cover the total amount of all outstanding bonds and interest, United States notes, gold and silver certificates, certificates of deposit, treasury notes and national bank notes which are to be exchanged for the 'coin' paper money and canceled and destroyed when coming into the possession of the government or when presented for payment."

Deficiency Bill Reported.

Washington, Jan. 16.—The urgent deficiency bill was reported to the house Monday from the committee on appropriations, being the first appropriation bill of the session. It carries a total of \$56,127,841, of which \$3,525,509 is direct appropriations and \$47,602,332 reappropriations from unexpended balances under the war and navy departments.

Immigration Bill Indorsed.

Washington, Jan. 16.—The bill of Senator Lodge to restrict immigration by imposing an educational qualification was favorably reported to the senate from the committee on immigration. It requires the would-be immigrant to pass an examination at the port of entry as to his ability to read English or some other language.

Olco Bills Before Congress.

Washington, Jan. 16.—There promises to be a tremendous fight this session of congress over the question of taxing butterine. There are seven bills before congress now which it passed would practically put the oleomargarine manufacturers out of business.

Denmark Ready to Sell.

New York, Jan. 16.—Capt. Christmas Dierckx Holmfeld, formerly of the royal Danish navy, arrived here last Friday on the St. Paul from Copenhagen via London. Before leaving for Baltimore he informed a reporter that he is the authorized agent of the Danish government, with full power to negotiate with the United States government for the sale of the islands of St. Thomas, St. Croix, and St. John, known as the Danish West Indies.

Entire Stock Liable to Tax.

Richmond, Ind., Jan. 16.—The stockholders in the First National bank in this city will have to pay taxes on the full amount of their holdings, if a ruling handed down Monday is upheld in the higher tribunals. They will appeal to the Supreme court. They claim that United States court decisions have held that a bona fide indebtedness of national bank shareholders may be deducted from the par value of their stock.

Denies Report of Indian Revolt.

Winnipeg, Man., Jan. 16.—Commissioner Laird of the Indian department, who has returned to this city, says the reports of an Indian uprising are unfounded, and there is no cause for alarm. One Cree chief, Star Blanket, offered the commissioner a contingent of Indians for service in South Africa.

Two Transports Arrive.

San Francisco, Cal., Jan. 16.—Two United States transports, the Olympia and the Pennsylvania, arrived Monday from Manila. Both vessels brought a number of passengers. On board the Olympia was Col. C. D. Vele, fourth cavalry, who was forced to return owing to ill-health.

Mr. Mason's Pure Food Bill.

Washington, Jan. 16.—Among the bills introduced in the senate Monday was one by Mr. Mason to prevent the adulteration of foods and drugs. It creates a bureau of chemistry in the agricultural department and provides for food inspection by that department.

Passed the Lighting Bills.

St. Louis, Jan. 16.—The "combine" in the house of delegates passed the three temporary lighting bills. The delegates did not yield gracefully, however. Every one of the majority voted aye under protest, not because he favored the measures.

Claim Paid by Santo Domingo.

Santo Domingo, Jan. 16.—The government has paid the Boismare-Cacavelli claim, amounting to 280,000 francs (\$56,000), to the French representatives. Admiral Richard of the French navy dined with President Jimenes Monday.

Bringing Back More Dead.

Santiago de Cuba, Jan. 16.—The bodies of seventy-five American soldiers in metallic coffins were taken north Sunday by the transport McClelland. These bodies were left over when the remains of the other soldiers were disinterred last January.

Grip Seizes Barcelona.

Barcelona, Jan. 16.—An epidemic of grip has seized the town and the mortality has increased. Half the population is in bed, and in the stores and workshops only a quarter of the usual number of employes are working.

Grand Jury Charges Murder.

Lewiston, Ill., Jan. 16.—The Fulton county grand jury, in session here, returned an indictment holding William R. Thomas of Vermont on a charge of murdering his mother-in-law, Mrs. Jane Fowler, last May.

Sawtooth at Clay City, Ind.

Terre Haute, Ind., Jan. 16.—It has been discovered that about 100 cases of alleged chicken pox at Clay City, southeast of here, are small pox cases. The disease is thought to have come from Kentucky.

McLaurin Is Near to Death.

Jackson, Miss., Jan. 16.—Gov. McLaurin, who has been ill for several days with pneumonia, is reported worse. The attending physicians remain almost constantly at his bedside.

BLOOD NERVE REMEDY

Dead Tired From Weakness! Strength Gone! Nerves Shattered! Discouraged!

This describes just how you feel, for your health is broken, you and the food you eat does you no good. You are tired, male complaints, and so nervous it seems as if you would fly. It is the one remedy which will surely cure you, the great restorative of physical strength, the remedy which invigorates the blood, invigorates the body.

Mrs. James J. Stenlake, East Dan. 10, N. Y., says: "I suffered with a severe form of indigestion. I was miserable, had no appetite, and was so nervous it seemed as if I would fly. I was tired all the time. When I walked a few rods I felt as though I should drop to the ground. I was also very nervous. I was recommended to take Dr. Greene's Nervura, and am happy to say that after taking a few bottles I was cured of my complaints. My nerves were strengthened, and the weak, languid and tired feeling left me. It did me more good than any medicine I ever took."

WASHING CROCKS AND MILK VESSELS

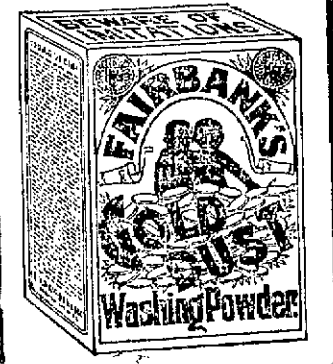

A great deal depends upon the care of crocks or pans in which milk is kept. They should be washed as soon as possible after being used. Rinse first with cold water, then wash thoroughly inside and out with hot water, in which enough of

SPONSOR FOR A DESTROYER

Granddaughter of an Admiral Who Christened the Destroyer.

Miss Florence Beckman Bailey, who christened the torpedo boat destroyer Bailey, which was recently launched in the Harlem river, is a granddaughter of the late Rear Admiral Theodor Bailey, in whose honor this newest wasp of the seas was named. Miss Bailey's father is a New York stockbroker, who, with other members of the family, will present a silver loving cup for the vessel's wardroom.

The late Rear Admiral Bailey was born in Plattsburg, N. Y., in 1805. He was the grandson of Colonel John Bal-

ley, an officer of the Revolutionary army. Young Bailey obtained his appointment as midshipman in January, 1819, and was promoted to a lieutenant in 1827. He saw service on the Pacific coast during the Mexican war. Nine years later he obtained his captain's commission, and at the outbreak of the civil war he received the command of the frigate Colorado, aiding in the blockade of Pensacola.

Captain Bailey was one of Farragut's lieutenants in the expedition against New Orleans and was sent by the admiral to demand the surrender of the city. Afterward he was appointed commodore and assigned to the command of the Sacket's Harbor navy yard and later was acting rear admiral in the east gulf blockading squadron. He was commissioned as rear admiral on July 25, 1866, and shortly afterward appointed commander of the Portsmouth (N. H.) navy yard. Ten years later he was placed on the retired list and died on Feb. 10, 1877.

Heavy Fire Losses of a Year.

The losses by fire in this country and Canada continue to be very heavy as compared with last year. In October the total loss was \$12,046,000, a little less than in September, but \$4,500,000 greater than in October, 1898. For ten months the aggregate losses make the enormous total of \$111,654,000, or \$15,000,000 above those of 1898 and nearly \$20,000,000 more than in 1897.

If you doubt the following and wish to investigate, you haven't to go to some other State in the Union to prove it. Mr. E. T. Fish, of 355 Racine St., proprietor of the Fish Dry Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician clapping these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the Janesville Drug Co. store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.
